DIY Nativity Story Spoons | Flame Creative Children’s Ministry

These can either be displayed or used to retell the story and are a good size to be held by little hands!

Supplies: 10 wooden spoons, a copy of the print out, coloring pens and pencils, scissors, glue or tape.

Instructions:
1. Print out the story spoons sheet and get children to color in the character pictures.
2. Cut the pictures out and glue or tape each of them to the back of a wooden spoon. I used tape so that I can remove the pictures easily and make a different story.
3. Tell the story using the spoons as props!

Nativity Story Cube | Flame Creative Children’s Ministry

This is a tool to help children to tell and discuss the Nativity story. Simply use the printout to make up a cube and tell the story using the pictures! Then you can throw the cube and talk about whatever picture lands face up.

There are pictures of...
- The Star of Bethlehem
- Mary, Joseph and Baby Jesus
- The Three Wise Men
- A Shepherd
- An Angel
- A candle (to discuss Jesus as the Light of the World)

There is a full color version to tell the story with and a color- in version so that the children can make their own cubes to retell the story.
