

2021 Commemorative Weaving Instructions

In your grab bags you will find fabric strip wrapped around an index card with a black pen. Please do not remove the fabric off the card, but simply write your name and congregation on the fabric strip. You will learn more about this project in one of the YouTube videos.

Once you are done, place your index card in the offering plate at your church, or by giving it to a Children and Family Task Force Representative in your congregation. If you are unable to get the card back to your church, please mail it to happen to 500 South Church Street, Winston Salem, NC 27101. All strips need to be returned by August 30th so that Sister June Edwards will be able to weave them into a commemorative piece for the Moravian Church Southern Province Archives.
