

Update on Moravian Disaster Response to Hurricane Beryl in Jamaica

The Board of World Mission is the agency that helps coordinate the North American Moravian response to disasters around the world. We are currently communicating with our Moravian siblings in Jamaica following Hurricane Beryl's impact on the island.

Rev. Barrington Daley, President of the Moravian Provincial Board in Jamaica, has reported that while damage from the storm can be seen throughout the country, the greatest damage seems to be in the parishes of Manchester and St. Elizabeth, which are located along the south-central coast. Significant roof damage has been caused to church buildings and the homes of Moravian Church members, and large sections of Jamaica still lack electrical power or access to phones. The BWM has already sent \$10,000 to Jamaica to aid recovery efforts and is awaiting more detailed damage assessments.
