

Unity Prayer Watch Schedule and Resources

The Unity Prayer Watch started within the Moravian community in Herrnhut, Germany in 1726 as the congregation sought guidance from God for their shared life as Disciples of Jesus and how to follow where Jesus led them. The community was in prayer 24 hours a day, as different groups prayed and listened for God's direction. This commitment to prayer is recognized as a spark of God's Spirit that led to the Renewal of the Moravian Church on August 13, 1727.

We continue this legacy of prayer that leads us in our discipleship as a community throughout the worldwide Unitas Fratrum (Unity of the Brethren). In January the Southern Province congregations will participate by taking hours of the day to prayer for God's guidance and direction for Moravian Churches and Provinces throughout the World.

You are invited to participate in this ongoing practice of prayer through you congregation.

Use this QR code to read through the pray list and learn about how the Spirit is at work in churches around the Moravian Unity and include them in your prayer life!
