

A goal without a plan is just a wish

Turn your goals into action.

Contact the MMFA, and see
how our Gift Planning Services
can help you make the most of
your financial resources.

Moving ministries forward, **together.**

Your life is your testimony. Your Moravian Ministries Foundation in America is here to help you structure and organize your own personal plan for your financial resources, possessions, and gifts.

We can help you optimize the use of your assets to provide income for yourself or others, make the most of your gifts for the people and ministries you love, and align your resources with your passions.
